

Hello Parents!

As usual, we have teamed up with EPI (Educational Products, Inc.) to make school supply ordering for the 2017-2018 school year as easy as possible.

We highly recommend ordering through EPI as a lot of work has gone into finding the exact items that the teachers have asked for and negotiating the best price. *Additionally, the school receives a check for 5% of every packet purchased!*

EPI sends us the products on a predetermined day so we can get them distributed, or unpacked and put away **before** the first day of school, which helps that day to run smoothly.

Of course everyone still has the choice of going out and purchasing items locally, however the teachers are VERY specific about the supplies they require. If a family does not bring the items exactly as specified on the teachers' lists, they will be asked to return them and purchase the correct ones. Also note that Hermosa does not allow any themed items (Disney, Avengers, etc.).

If you choose to purchase your own supplies, please bring them to the Welcome Back event. Remember there may be additional items on the supply list that are not available for purchase through EPI; these items should also be brought to the Welcome Back event. **Please leave your bags with a parent volunteer to make sure they check you off the list!**
