

TGA

SCHOOL ENRICHMENT PROGRAMS

Our multi-week enrichment programs uniquely combine athletic skill development, academic learning, and life lessons to develop the whole person and player.

LEARNING THROUGH PLAY

PRE-K TO MIDDLE SCHOOL

Designed for all ages and abilities, our enrichment curriculum follows a 5-level progressive skill development so that students can set goals to achieve and progress at their own pace. Our low student-to-coach ratio allows for individualized attention — meeting each student where they are in their journey & progression.

OUR WINNING COMBINATION

ATHLETICS

We help kids realize their athletic potential & ignite a passion for game play.

ACADEMICS

We use sports as a vehicle for teaching academic lessons.

LIFE LESSONS

We develop values that promote individual growth & teamwork.

STEAM

SCIENCE • TECHNOLOGY • ENGINEERING • ARTS • MATH

We aim to increase comprehension of concepts such as gravity, force, compression, and geometry with a series of educational activities and games that explore STEAM principles through game play.

A BLUEPRINT FOR FUN: THE TGA EXPERIENCE

TEACH

Every TGA program begins with:

- ✓ Dynamic warm-up to get players' bodies ready for action
- ✓ A discussion about life lessons
- ✓ Review and introduction of new skills & techniques

GROW

Next, students will:

- ✓ Rotate through stations to practice skill fundamentals
- ✓ Learn about the rules & history of the sport
- ✓ Explore STEAM concepts through game play

ACHIEVE

Finally, students have the opportunity to apply the lessons learned with group games and skill challenges.
